  - 🌀 July – Hypermedia and Photoshop CS3: What's New
  - 🌀 August – Recording Your PowerPoint Presentation and Other Ways to Repurpose Your Work

# Intro to iPhone

- ◉ Mark brought his MacBook and the how-to video on iPhone. Yum, yum!
  - ◉ The video is posted on the Apple website.
- ◉ I've discovered that there actually is a manual for iPhone — look on the Apple website. Otherwise, it's just fool around and discover how it works for yourself.
  - ◉ Don't overlook the "Finger Tips" and the cleaning cloth in the iPhone package.

# Pages 2

## 🌀 Sources of Help —

- 🌀 User Manual (250 pages)

- 🌀 <http://www.apple.com/iwork/tutorials>

- 🌀 Creating Pages with iWork, David Morris

- 🌀 “Pages 2 Essential Training” video training from lynda.com (also as a CD-ROM)

# Getting Started

- ⦿ Think about purpose and output
- ⦿ Assemble your assets
- ⦿ Browse the existing templates

# Example

- ◉ See the “before” and “after” examples I’ve posted. This demo is from Creating Pages with iWork, by David Morris.
